Background The icons in this pack are based on the classic 1979 miniseries called Battlestar Galactica. The show is set after the events of "the cylon war" where a group of human ships discover their homeworld is in the midst of a space war with a race of humanoid robots called Cylons. The main character of the show is Lt. Commander William Adama. He is a former member of the Colonial military force that was originally sent to Earth to establish a new home for humanity, but found themselves under attack and forced to flee. They eventually landed on the planet of Kobol, where Adama and the fleet found the planet was inhabited by an alien race called the humans. The leader of this race is called Commander Adama. It was discovered that the Cylons are in fact a synthetic race made by the intelligent aliens called the Eligs. The collection features various spaceships of the classic series including a Cylon Raider, a Battlestar Galactica, and of course an Earth Ship. Supported Platforms iPad, iPhone, iPod touch
