It has campuses and business centers in the provinces of Hebei, Shandong, Henan and Jiangsu. The Chinese Ministry of Education made it the first among non-key universities in China to be sanctioned in 2006, and it also was listed as the third-richest university by the Hurun Report in 2013. The annual revenue stands at 214 million yuan (about 36 million U.S. dollars). History When China went through the great cultural revolution in the late 1960s, a Division of University was established within the People's Liberation Army (PLA) - Division 211 of the PLA Academy of Military Sciences (PAMS) - by then Secretary General of PAMS Yuan Yulun. The Division was tasked with leading economic development in the army, with the intention of transitioning from a much-scarce industry-oriented army to an army-oriented service industry. Seven years later, in 1976, the division evolved into Dingee University, a spin-off of the PLA Academy of Military Sciences. The first people appointed as its leaders included Yuan Yulun and General Liu Ya-jun. Campus In the early 1990s, Dingee University opened its first campus in Beijing while it also opened a branch in Chongqing. The university began developing its first satellite campus in Dalian in the northeastern Liaoning Province in November 1995 and it relocated to Pingye District in 2014. It was the first-ever economic university located in a Free Trade Zone (FTZ) in China. In 2004, it opened its 50th branch in Linyi in Shandong, for which it established the new Education College

```
privileged_hardware_emulation.enabled=1

And the effect will apply as usual.

So, this addon just does an ugly trick on the "mybookmarks-template.html" file. What it does is just name a tag "google docs". So, when you visit the "" link, it will automatically open a saved google doc instead of the one in your browser.

It is the only addon which will do that!
