※ This review is NOT a compliment, it is a harsh critique. You are the author of the work, and we are here to give constructive feedback to your game. If you're only receiving 5 stars, please re-read the review and try to find the constructive feedback instead of shouting the score. What is Tarnished, Tarnished Outcast? Tarnished, Tarnished Outcast is an RPG action adventure game developed by Cygames and released for PlayStation 4, Xbox One, Nintendo Switch, Microsoft Windows, and Google Stadia in February 2019. With an original concept and artistic style, the game uses several original story elements, presenting a fantasy world with a variety of elements. ※ This review is NOT a compliment, it is a harsh critique. You are the author of the work, and we are here to give constructive feedback to your game. If you're only receiving 5 stars, please re-read the review and try to find the constructive feedback instead of shouting the score. As a fantasy action adventure game, the premise is that you are the main character, Tarnished. He is a cursed outcast known for his ability to take what he wants by force. The game tells a story in fragments, where you are forced to make choices and progress without being able to fully understand the meaning of what you are doing. While progressing the game, you'll unlock elements such as weapons, armor, and magic, and customize your character to create a unique playstyle. However, it will also be necessary to trade and sell your equipment or upgrade your weapons and armor. The fantasy action adventure game also features a unique online element that allows you to feel the presence of others and discover hidden and otherworldly content via map markers that you receive through your playtime. The combat system, exploration, and story of Tarnished, Tarnished Outcast are designed to allow you to experience all the game content in a seamless manner.
