SliQ Submitter Lite Download

SliQ Submitter Lite Crack for Windows 95/98/ME/NT4/2000/2003/XP is a simple to use, easy to submit, and powerful directory submission software package that generates quality backlinks with very little effort. SliQ Submitter uses the internet directory submission platform: www.submissionmatrix.com, and provides a collection of quality, business directory submissions that get your site listed in every mainstream business directory. SliQ Submitter supports 2 websites at a time, and gives you the ability to search by category, keywords, and/or include your sites in a submission package. The software also allows you to select the categories and keywords that you want to use. SliQ Submitter Lite is extremely easy to use. You can submit your site in a few mouse clicks, or let the software submit your sites for you. SliQ Submitter Lite will submit your sites in the manner that the software thinks you want it to. SliQ Submitter Lite will even rotate descriptions as you submit! SliQ Submitter Lite is not like the software you have tried before, the software that makes adding backlinks to your sites very easy and very fast. With SliQ Submitter Lite, you have the choice to select your directories using the categories and keywords you want. You can even select directories manually and prevent the software from submitting it for you! So, if you have plenty of time, you can manually select the directories that you want to submit manually. And what about submitting your sites while you sleep? That's why SliQ Submitter Lite supports up to 5 websites at a time. SliQ Submitter Lite has the ability to check your submissions at anytime. Not only can it check your submissions for errors, the software can also check them for banned directories. If a directory bans your submissions, that is, they are no longer accepted, you will get an email telling you of this. SliQ Submitter Lite does not have any plug-in functions, which means there is no need to download or install any 3rd party software. It also does not have any maintenance options. While this is completely up to you, it is best to check your submissions regularly and resolve any problems. SliQ Submitter Lite will automatically rotate your descriptions as you submit, if you include it in a submission package that your software generates. This feature is awesome, but it requires some skill and practice to properly use
