Described by some as a "pioneer of the Indian full length genre", J.P. Dutta's "LOC: Kargil" is an uncompromising account of the battle, one that documents every phase of the conflict in unparalleled detail, with only occasional overlaps of camera work. The movie premiered at the IFFI Film Festival and Vandal Hearts. In the beginning of the battle, LOC depicts the understated activity that is going on between the Indian army and the Pakistani army at this point.

Any item that can be manufactured, such as ceramics or gemstones, can be made into a decorative rock, according to AllThingsM, the website of the Minnesota-based press and publication. "Decorative rocks have been used for millennia as a way of decorating a room, but how they came to be is a topic that has been the subject of much speculation and debate in the world of archaeology and geology," the publication states. Pictured: Engraving of an ancient art, the "rock of life." (Photo by Marco Bellinzi/Getty Images) "For many of us, decorative rocks represent memories and ideas of the past that evokes feelings of warmth, nostalgia and a sense of "coming home" to good
